

## **Libraries Selected for the FY2011 Cataloging Record Distribution Project**

Seventy-five libraries were selected to participate in the [Cataloging Record Distribution Project \(CRDP\)](#) for fiscal year 2011. This project, which is jointly managed by the U.S. Government Printing Office (GPO) and MARCIVE, Inc., aims to deliver free cataloging records structured around individual library preferences. This project builds upon the pilot project activities conducted during Phase 1 in fiscal year 2010.
